#### Screen 4 – Possible Scenarios

Screen Description	Narration
Centered on the screen is the course mentor smiling.	<p>As you know, VA is committed to building and maintaining an ethical workforce, and offers a wide-range of trainings and programs on this topic.</p> <p>However, ethical behavior in the area of career development is a unique issue that deserves consideration in its own right.</p> <p>It may seem obvious that you should always act ethically in your work as a CDF.</p> <p>However, these issues can be complicated, and the right solution is not always clear.</p>

Screen Description	Narration
<p>Centered on the screen is the following text “Please select each employee to read about a situation that involves an ethical decision. When you are finished, select the ‘Next’ button to continue,” and three employees: a woman with a frustrated expression, a man speaking and gesturing, and a man standing with his arms at his sides.</p> <p>After selecting the woman with the frustrated expression, the screen displays:</p> <p>“You are working with an employee who happens to be a supervisor. In one conversation, she mentions that she is in the middle of hiring a new employee. She expresses frustration at having to take the time to review resumes and conduct interviews because she plans on hiring her friend’s husband for the position. They are having a hard time and need the money.</p> <p>What would you do?”</p> <p>After selecting the man who is speaking and gesturing, the screen displays:</p> <p>“A supervisor in your division tells you that he has heard about the great work you are doing as a CDF. He then mentions that everyone in the group seems a bit stressed lately and asks you to provide general counseling services to help reduce stress.</p> <p>What would you do?”</p>	<p>Let’s examine some ethical issues you may come across in your work as a CDF.</p> <p>Please select each employee to read about a situation that involves an ethical decision.</p> <p>As you read each scenario, consider what you would do in that situation.</p> <p>The rest of this lesson will focus on strategies for handling such ethical questions.</p> <p>When you are finished reading, please select the “Next” button to continue.</p>
